**BRITISH HORSERACING AUTHORITY (BHA) REGULATIONS FOR ARABIAN HORSERACING**  
**AND THE BHA RULES OF RACING**

All Owners and Trainers should familiarize themselves with the British Horseracing Authority (BHA) Regulations for Arabian Horseracing and the BHA Rules of Racing. These can be found online at:

<https://www.aroracing.co.uk/members/registration-forms/>

<http://rules.britishhorseracing.com/>

**EQUINE INFLUENZA CONTROLS:**

**Under Current Equine Influenza Protocol all horses require the following information to be produced:**

- A. Compliant EI Vaccines within SIX calendar months of the race date, recorded in the horse's passport, as required by the Rules and signed by a veterinary surgeon.
- B. Equine Influenza Declaration Form (EIDF), which details the horse's temperature on the morning of arrival to the racecourse. In addition to (a) and (b), horses are also required to provide the following:
- C. PCR Form confirming a negative result for Equine Influenza from a nasopharyngeal swab taken during the 72 hours prior to attending the racecourse. All documentation should be emailed to [equine@britishhorseracing.com](mailto:equine@britishhorseracing.com) prior to arrival AND presented on arrival at the racecourse. (Trainers responsibility).

**INTERNATIONAL AGREEMENT**

ARO operate under the terms and conditions of the IFAHR International agreement for Arabian Horses. For information on this agreement go to: <http://www.ifahr.net/include/data/aktuell/upl1466.pdf>

To assist Owners and Trainers, the following areas of the Rules and Regulations have been extracted here:

**HORSE ELIGIBILITY AND BLOOD TESTING**

ARO wish to remind Owners and Trainers that, at their discretion, horses may be blood typed and/or DNA tested as required to establish their parentage in accordance with Regulation 22B of the British Authority Regulations for Arabian Horse Racing. ARO will exercise this discretion at the time of entry, where circumstances, in their opinion, deem it necessary and irrespective of and against the original registration in a WAHO accepted stud book.

- 22B. ...No Pure Bred, Anglo Arab or Part Bred horse running in Great Britain shall be eligible to run in any Race until it has been parentage identified to a minimum of three generations and its pedigree contains named horses throughout in a minimum of three generations, to the satisfaction of ARO, and there is confirmation, to the satisfaction of ARO, that where the parentage has been verified it must have been verified for those three generations against the original blood or DNA sample taken at the first registration. For the avoidance of doubt three generations means the parents, grandparents and great

grandparents.

- 23C. No Race can combine two horses with the same year of birth and the same dam. Where two or more horses have the same year of birth and the same dam they will be reduced to one by random ballot at the time for declaration under Regulation 48 (i). Any horse bred by embryo transfer must be declared as such at the time of entry and failure to make such declaration will cause the horse to be subject to disqualification under Rule 90 (viii).

#### VACCINATION PROCEDURES

Please note the vaccination laws of the UK as below. **Failure to comply will result in the horse's entry being declared void.**

- 24A. No horse shall be admitted to any racecourse when a meeting held under these Regulations takes place unless accompanied by its Passport giving a complete and up to date vaccination record signed by a Veterinary Surgeon, who is **unrelated to and independent of the Owner of the horse, the Trainer of the horse and any Person who is employed by the Trainer**. Such a document must show in both cases that it has received two primary vaccinations against Equine Influenza, which has been given no less than 21 days apart and no more than 92 days apart. In addition, where sufficient time has elapsed subsequent to the primary vaccinations the vaccination section of the Passport must be completed to show that:

- (i) A horse has received a first booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, and
- (ii) A horse has received booster vaccinations at intervals of not more than a year apart or such lesser time as the BHA may, in an emergency, decide, and that none of these vaccinations has been given within the seven days previous to the race in which the horse is declared to run.

*N.B.1 The above are minimum requirements. The vaccines administered must appear on a list published by the BHA as amended from time to time or be acceptable to a Veterinary Officer and in general should be given according to the manufacturer's instructions. In many cases booster injections are recommended at intervals of less than twelve months.*

*N.B.2. All vaccination intervals referred to above are to be calculated by ignoring the day of the vaccination and counting the day of the race.*

- 60.
- (i) No horse shall enter the parade ring or run in shoes which have protrusions on the ground surface other than calkins on the hind limited to 3/8" in height. The use of American type toe-grab plates or those with a sharp flange is forbidden. The Trainer is responsible for ensuring his horses are shod in accordance with the requirements of this Regulation.
  - (ii) Horses running in any Race conducted on turf must enter the Parade Ring fully shod **except with the permission of the BHA**. Permission **under this Regulation** must be obtained by the Trainer prior to the time fixed for making declarations to run under Regulation 48(i) **or may in exceptional circumstances be granted by the Stewards**.

Note:

1. It is recognized that there may be legitimate reasons as to why a Trainer might wish to race a horse partially shod in turf Races. They may therefore apply for a dispensation from the above Regulation **to**

**the BHA.** This dispensation must be supported by a suitably qualified professional such as a Veterinary Surgeon who is unrelated to and independent of the Owner of the horse, the Trainer of the horse and any person who is employed by the Trainer or a registered farrier with a minimum of Dip WCF or CE-F qualification who is also unrelated and independent as stated above.

2. For the avoidance of doubt this Regulation does not apply to any race conducted on an All Weather surface.

91. A horse is not qualified to start for a race:

- (x) If it has not been vaccinated at all or if it has received any vaccination against equine influenza on the day of the race, or on any of the 6 days before the day of the race in which the horse is declared to run.

#### **MEDICATION & DOPING CONTROL:**

International Trainers **must** be familiar with the rules regarding UK medication and doping control:

<http://www.britishhorseracing.com/resource-centre/anti-doping-medication-control/>

#### **STABLE SECURITY**

International trainers must provide the names and dates of birth of **all** their stable staff who will be attending their runners on the day. **All** staff, including trainers, wishing to enter the stables will be required to show their passport to the Stable Manager. Only individuals named by the trainer at the declaration stage will be admitted to the stables.

**ALL HORSES WILL NEED A STABLE. NO HORSE WILL BE PERMITTED TO RUN FROM THE HORSEBOX UNLESS PRIOR PERMISSION HAS BEEN GRANTED BY THE BHA.**

#### **BIO-SECURITY**

Bio-Security Protocol may be in place, trainers and staff must follow instructions provided by the Racecourse.

#### **WHIP REGULATIONS**

All Trainers **must** ensure that their jockeys are familiar with the regulations concerning the use of the whip in the UK races.

**NEITHER ARO, NOR THE BRITISH HORSERACING AUTHORITY, CAN BE HELD RESPONSIBLE FOR ANY RIDER'S LACK OF FAMILIARITY WITH THE NECESSARY RACE REGULATIONS.**

The current rules and penalties can be found online at:

[http://rules.britishhorseracing.com/documents/guide\\_to\\_procedures\\_and\\_penalties.pdf](http://rules.britishhorseracing.com/documents/guide_to_procedures_and_penalties.pdf)

## **RACING EXPENSES**

### **INTERNATIONAL TRAINERS ADMINISTRATION FEE**

All international trainers will be required to pay a small administration charge of £20 in addition to the race entry fee. This should be paid by Bank Transfer or via a France Galop account (see information below).

### **Stable Charges**

All racecourse stables will be charged at £20 per box (including vat) unless otherwise stated. Overnight stabling and accommodation will be charged separately if not available at the racecourse.

### **Payment of Racing Expenses**

All entry and declaration fees must be paid at the time of entry/declaration otherwise **the entry will NOT be accepted**. There are two ways of paying:

#### **1. By Bank Transfer**
